DISCLAIMER:

The information contained in this RFP document or subsequently provided to Applicants (Firms), whether verbally or in documentary or any other form by or on behalf of Mahatma Phule Backward Class Development Corporation (herein after referred to as MPBCDC Authority) or any of its employees or advisers/ consultants, is provided to consultant-bidder on the terms and conditions set out in this RFP and such other terms and conditions subject to which such information is provided.

1. This document is not an agreement and is not an offer by the Authority (MPBCDC) to the prospective consultant/Bidder(s) or any other person. The purpose of this RFP is to provide interested parties with information that may be useful to them in making their financial offers (Bids) pursuant to this RFP. The information contained in the RFP may not be complete, accurate, adequate, or correct. Each Consultant/bidder should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability, and completeness of the information contained in this RFP and obtain independent advice from appropriate sources.
2. This RFP includes statements, which reflect various assumptions and assessments arrived at by the Authority in relation to the Consultancy. Such assumptions, assessments and statements do not purport to contain all the information that each Consultant/Bidder may require.
3. This RFP may not be appropriate for all persons, and it is not possible for MPBCDC and its employees, advisors, consultants to consider the objectives, technical expertise and particular needs of each party who reads or uses this RFP. The assumptions, assessments, statements, and information contained in this RFP may not be complete, accurate, adequate, or correct. Each Consultant/bidder should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments and information contained in this RFP and obtain independent advice from appropriate sources.
4. Information provided in this RFP to the Bidder(s) is on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The MPBCDC accepts no responsibility for the accuracy or otherwise for any interpretation or opinion of the law expressed herewith.
5. MPBCDC and its employees, advisors / consultants make no representation or warranty as to anything contained in this RFP or otherwise, including the accuracy, adequacy, correctness, reliability or completeness of the RFP and any assessment, assumption, statement or information contained therein or deemed to form part of this RFP or arising in anyway in this Selection Process.
6. MPBCDC also accepts no liability of any nature whether resulting from negligence or otherwise caused arising from reliance of any Consultant/bidder upon the statements contained in this RFP.
7. MPBCDC may in its absolute discretion, but without being under any obligation to do so,

update, amend or supplement the information, assessment or assumption contained in this RFP.

8. The Authority and its employees shall have no liability to any person, including any Consultant/bidder under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost, or expenses which may arise from or be incurred or suffered on account of anything contained in this RFP or otherwise, including the accuracy, adequacy, correctness, completeness, or reliability of the RFP.
 9. The issue of this RFP does not imply that the Authority is bound to select a consultant/bidder or to appoint the Selected Consultant/bidder for the assignment and the Authority reserves the right to reject all or any of the Bidders or Bids without assigning any reasons whatsoever.

SECTION -I: INTRODUCTION

1.1. Background

Mahatma Phule Backward Class Development Corporation (MPBCDC), a Govt. of Maharashtra owned company under the Social Justice and Special Assistance Department having its objectives as:

- MPBCDC is mainly engaged in the implementation of various individual and group beneficiary schemes for income generation, skill development, and entrepreneurship set up under D/o Social Justice & Empowerment of GOM & GoI.
- Mahatma Phule Backward Classes Development Corporation Limited, (A Govt. of Maharashtra Undertaking) Mumbai (here in after called MPBCDC) The Government of Maharashtra has set up the "Mahatma Phule Backward Classes Development Corporation on July 10, 1978 under the Companies Act, 1956 with the main objective of accelerating the economic upliftment of the economically weaker families in the Scheduled Castes and Neo-Buddhist communities in the State of Maharashtra.
- MPBCDC plans to Developed & establish 10 Registered Vehicle Scrapping Facilities (RVSFs) across Maharashtra. This initiative aligns with the Government of India's Voluntary Vehicle-Fleet Modernization Program (V-VMP), commonly known as the Vehicle Scrappage Policy, which aims to phase out unfit and polluting vehicles, thereby reducing environmental pollution and promoting sustainable development.
- The establishment of RVSFs is expected to generate substantial employment opportunities, particularly benefiting the backward classes in Maharashtra. The vehicle scrappage policy is projected to attract investments of around ₹ 10,000 crore and create approximately 35,000 job opportunities nationwide.
- By focusing on skill development and employment in these facilities, MPBCDC aims to uplift economically weaker sections by providing stable livelihoods and fostering socio-economic growth.

1.2. Brief Description of Bidding Process:

1. The documents provided by the Authority pursuant to this RFP as modified, altered, amended, and clarified from time to time by the Authority with the purpose of facilitating bidders to submit their bids and thereby enabling the Authority in the selection of a successful bidder for the assignment collectively are termed as the "Bidding Documents".
2. The Bid/Proposal shall be valid for a period of not less than 180 days from the Proposal DueDate (the "PDD"). In exceptional circumstances, prior to the expiry of the original proposal validity period, the Authority may request the firms to extend the period of validity for a specified additional period. The request for the extension shall be made in writing. However, firms will not be permitted to modify their proposals submitted already.
3. The Authority has adopted a two-stage selection process (collectively the "Selection Process") in evaluating the Proposals comprising Technical and financial bids to be submitted in two separate sealed envelopes. In the first stage, a Technical evaluation will be carried out as specified in Section 4.3 of RFP. Based on this Technical evaluation, a

list of short-listed consultant-Bidder shall be prepared. In the second stage, a financial evaluation will be carried out as specified in Section 4.4 of RFP. The Financial Proposal of the eligible and technically qualified proposals will only be opened online for consideration under QCBS evaluation. Proposals will finally be ranked according to their combined Technical and financial scores as specified in Section 4.6 of RFP (Quality and Cost Based System (QCBS) of evaluation in the ratio of 80:20 (80% Technical and 20% financial).

He will lead, co-operate, and supervise the multidisciplinary team for preparation of the technical feasibility report and Building plans. He will be responsible for preparing Design/Planning for the development. As per UDCPR 2020-modified 2022 as follows.</p> <p>i) Design as per requirements and site conditions.</p> <p>ii) Prepare and submit plans as per the Regulations and shall be responsible for correctness of the calculations and dimensions mentioned on the plan and shall be liable for consequences arising thereof.</p> <p>iii) Represent before the Authority for scrutiny of drawings.</p> <p>iv) Prepare and issue working drawings details in conformity with approved plans.</p> <p>v) Inform Authority about Commencement of work on site.</p> <p>vi) To verify the work at obligatory stages of plinth</p>

		Diploma in Civil Engineering or Diploma in Architectural Assistance ship or equivalent qualification, having experience of 20 years in the field of land and building planning.	completion, completion of RCC structure and superstructure completion to ensure work progress in conformity of approved drawings and dimensions. vii) Inform Authority about reaching relevant stage of work where stage-wise approval from the authority is required. viii) Issue completion / part completion certificate for submission to the Authority & to obtained occupation Certificate. ix) To Assist and co-operate with the Authority and other officers in carrying out the work as per provisions of Maharashtra Regional and Town Planning Act, 1966 and of any regulations for the time being in force under the same. x) The above-mentioned Architect's scope and responsibilities shall be applicable for project.
2.	Infrastructure Consultant	B.E. / M.E./ M. Tech / Equivalent	Experience of working for at least 10 years on at least 2 projects providing all infrastructural solutions for microplanning. This will include roads, storm water drains, water supply and sewerage, PTP, electrification with its interface with project level infrastructure
3.	Structural Engineer	B.E. Civil/ M.E./ M. Tech / Equivalent As per UDCPR 2020-modified 2022 as follows Structural Engineer: - Graduate in Civil Engineer of Recognized Indian or Foreign University and chartered Engineer or Associated Member In Civil Engineering	Experience of working for at least 10 years on at least 2 projects establishing the Technical Feasibility of the Project and its structural elements. As per UDCPR 2020-modified 2022 as follows i) All structural lay outs and structural design related with plan and development on the basis of

		<p>Division of Institution of Engineers of (India) or Equivalent Overseas institution with minimum 3 Years of Experience of Structural Engineering practices in designing and related field work OR post-Graduated degree in Structural Engineering with 2 years' Experience OR Doctorate in structural Engineering with 1 year experience.</p>	<p>details received from Architect/Owner/ builder/ Developer/ Geo Technical Consultant.</p> <p>ii) Wherever required, structural engineer shall avail the service/advice of Geotechnical Engineer.</p> <p>iii) Provide lists of tests to be carried out at each stage of work & allow further work only after satisfying with the same.</p> <p>iv) To verify the structural elements in compliance with structural drawings.</p> <p>v) To document the site visit report mentioning therein the deviation /lapses, if any, in respect of structural elements designed by him and inform the same to the site engineer, owner/developer, architect /licensed personnel for rectification required.</p> <p>vi) He shall be responsible for the adequacy of the structural design in compliance with BIS Code & plans received from Architect / owner /builder /developer to appoint formwork co-coordinator (FWC) for the project.</p> <p>Certificate of structural design adequacy at the time of completion shall be as per format of UDCPR (Appendix C-4.3(viii) Structural Design adequacy.</p>
4.	Quantity Surveyor	B.E. Civil / Diploma in civil engg. Or Equivalent	Experience of working for at least 10 years on at least 2 projects in case of graduate engineer and 20 years on at least 4 projects in case of diploma engineer.
5.	Geotechnical Expert	B.E. / M.E./ M. Tech / Equivalent with Degree in Geo-Technical Engineering	Experience of working for at least 10 years on at least 2 projects study of strata encountered and facilitating structural engineer for

			design of foundations and having completed project with requisite field experience.
6.	Environmental Expert	B. E. / M.E./ M. Tech Environment/ M. Sc (env) Equivalent qualification	Experience of working for at least 10 years on at least 2 projects Environmental & Social Impact Assessment of the Project, with credential of obtaining EC/MPCB consent etc.
7.	Legal Expert	Any bachelor's degree along with LLB/ LLM / equivalent qualification	Experience of working for at least 10 years on at least 2 projects all Regulatory and sanctions from the Authorities. Relevant experience indealing with all type of litigation in project life cycle besides expertise in preparation of sales marketing documents.
8.	Automobile Engineer	Degree in Automobile Engg / or equivalent qualification	Experience of working for at least 10 years on at least 2 projects all Regulatory and sanctions from the Authorities.
9.	Finical Analyst	a bachelor's degree in a related field like finance, accounting, or economics While a bachelor's / master's degree, particularly an MBA or MS in Finance,	Experience of working for at least 10 years on at least 2 projects all Regulatory and sanctions from the Authorities.

3.20. Clarification of Bids

To assist in the examination, evaluation, and comparison of Bids, the Competent Authority may, at his discretion, ask any Bidder for clarification of the submitted Bid, including breakdowns of the unit rates. The request for clarification and the response shall be in writing, but no change in the price or substance of the Bid shall be sought, offered, or permitted.

No Bidder shall contact the Employer on any matter relating to its bid from the time of the bid opening to the time the contract is awarded. If the Bidder wishes to bring additional information to the notice of the Employer, it should do so in writing.

Any effort by the Bidder to influence the Competent Authority in the Competent Authority's bid evaluation, bid comparison or contract award decisions may result in the rejection of the Bidders 'Bid.

3.21. Acceptance of Offer:

Before acceptance, the successful Consultant-bidder will be called for negotiation by appropriate officers of MPBCDC. The documents related to such negotiations along with

modified offer of the successful Bidder if any shall also form the part of contract. After such negotiations the acceptance of the offer may be sent to the consultant by email. Such intimation shall be deemed to be an intimation of acceptance of offer. Bidder whose offer is accepted will have to complete the contract signing and formalities within 21 days from the date of intimation. In the event of the failure of the Bidder to sign the agreement within the stipulated time, the Security Deposit paid by the Bidder shall be liable to be forfeited. The acceptance of the offer shall also be liable to be considered as withdrawn. In that event the work will be awarded to the next or any other contractor whom the MPBCDC considers suitable. RFP Acceptance Authority reserves the right to reject any or all offers in full or part without assigning any reasons.

3.22. Signing of Agreement for Engagement:

Successful Bidder will have to sign the General Engagement Agreement with MPBCDC and Work Specific Agreement will be Executed after assign the Work. The documents/information submitted by the contractor during Offer Evaluation related to negotiations shall also form a part of the Agreement for Consultant and Work order.

3.23. Forfeiture of EMD and Cancellation of Letter of Acceptance

The letter of acceptance given to successful Bidder shall stand cancelled and EMD will be forfeited in following events and under such circumstances the RFP Acceptance Authority shall consider next lowest Bidder if he is found suitable and eligible.

- Successful Bidder fails to give various undertakings and declarations given in tender document.
- Successful Bidder fails to sign Engagement Agreement in Prescribed Proforma.

3.24. Other General Instructions:

1. Incomplete Schedules/Forms and without necessary details and enclosures are liable to be rejected.
2. The language for submission of document shall be English
3. The enclosed Annexure shall be filled in completely and wherever no applicable it should be written as Not Applicable.
4. The person signing the document submission on behalf of the Consultant-bidder shall enclose Power of Attorney duly authorized and notarized for the same.
5. Financial data should be given in Indian Rupees only.
6. In case the Applicant intends to give additional information for which specified space in the given format is not sufficient; it can be furnished in an enclosed sheet.
7. All the pages of this document and Annexure should be signed and corrections should be counter signed by the authorized signatory. No over writing is permitted.

8. MPBCDC reserves the right to cross check and confirm the information details furnished by the applicants in the document by making suitable communication with the concern authorities.
9. MPBCDC reserves the right to annul the Tender Document process, or to accept or reject any or all the proposals in whole or part at any time without assigning any reasons and without incurring any liability to the affected Bidder(s) or any obligation to inform the affected Bidder(s) of the grounds for such decision.
10. The document in complete in any respect or without supporting documents will be treated as non-responsive and is liable for rejection.

3.25. Penalty Clause:

If the contractual services are not completed and compliance report is not submitted on or before every month from the date of work order, then fine up to maximum 10% of the contract value shall be deducted from the fees payable against the bill. Further an amount maximum up to 10% of the contract value shall be considered as maximum penalty for breach of Contract Agreement conditions or unsatisfactory performance and/ or delay in adhering to the prescribed timelines to achieve the milestones prescribed for completion of Scope of Work.

3.26. Final Decision-Making Authority

The Competent Authority of MPBCDC reserves the right to accept or reject any or all the offers in part or full for this RFP without assigning any reasons thereof and his decision will be final.

3.27. Amendment of RFP Documents:

- a) At any time prior to the deadline for submission of tenders, MPBCDC for any reason whether at their own initiative or in response to a clarification required by any prospective Bidders may modify the RFP/Tender Documents.
- b) The amendment shall be part of the RFP/Tender Documents and will be notified by Procurement Website and will be binding on the prospective Bidders.

3.28. General Term and Termination

This Agreement shall become effective upon signing and shall terminate upon breach of the agreement. In case any information mentioned in the body of the agreement and in the attached ANNEXURES is misleading and/or incorrect, this agreement will be terminated immediately. Party sharing the misleading/misinformation will be accountable to pay all damages occurred to the other Party as the result of mislead and/or misinformation. Any breach of terms and conditions on the part of the Contractor shall be liable for termination of this contract by MPBCDC by serving notice of 30 days and in such case the contract shall stand terminated on the expiry of the said notice period.

3.29. Force Majore

No Party to this Agreement is responsible to any other Party hereto for non-performance or delay in performance of the terms and conditions hereof due to acts of God, acts of governments, riots, wars, strikes, fires, floods, explosions, pandemics, quarantine periods, court orders or similar causes beyond the control of the affected Party.

Note: In the event of any unforeseen closure of work / holiday on any of the above days, the bids will be opened on the next working day without any further notice

SECTION IV: EVALUATION OF PRPOSAL AND BID OPENING

4.1. Opening of Bid

Opening and Evaluation of Bids: The Authority will open Bids at 17.00 Hrs (IST) on the specified date for opening as in Clause 2.2 of RFP specified and in the presence of the Bidders who choose to attend.

4.2. Tests of Responsiveness:

The only Technically qualified bids shall be considered for the opening of their Prize bid. The Authority reserves the right to reject any Bid which is non-responsive and no request for alteration, modification, substitution, or withdrawal shall be entertained by the Authority in respect of such Bid.

4.3. Evaluation of Technical Proposal:

After ensuring the eligibility as stipulated, the Technical Proposal will be evaluated based on Applicant's experience, its understanding of TOR, proposed methodology and Work Plan, and the experience of Key Personnel. Only those Applicants whose Technical Proposals score 75 marks or more out of 100 shall qualify for further consideration and shall be ranked from highest to the lowest based on their Technical Score (ST).

The scoring criteria to be used for evaluation shall be as follows:

Sr. No.	Evaluation Criteria	Points
1. Financial Capabilities		
	The Bidder should have an average annual Turnover of Minimum Rs. 2 Cr. for the last 5 Financial Years	(05 max)
	Above Rs. 5 Cr.	5
	> Rs. 5 Cr. — Rs. 3 Cr.	3
	>= 3 Cr.	2
Total (Financial Capabilities)		05
2. Technical Capabilities		
A	mixed-use development project (including industrial and warehousing project, Cold Storage, Vehicle Scrapping facility etc.), <ul style="list-style-type: none">Consulting for the setup of at least five recycling units with a minimum capacity of 2000 MT each.Establishment and consultation for at least one RVSF.Extended Producer Responsibility (EPR) consultancy.	(10 max)
	Above 2000 Mt.	10
	> 1000 Mt. Mt - 2000 Mt	6
	>= 1000 Mt.	4
B	mixed-use Development Project (including industrial and warehousing project, Cold Storage Vehicle Scrapping facility), duly completed with single client, over the past 5 years and handed over, with a minimum cost of Rs. 25 Crores in one geographic location, in Maharashtra.	(10 max)

	Above 25 Cr.	10
	> Rs. 20 Cr. — Rs. 25 Cr.	6
	<= Rs. 20 Cr.	4
C	Staff Strength of Organization (in-House staff excluding freelance) to comply with the project scale	(10 max)
	Above 20 staff	10
	Above 10 staff — 20 staff	6
	> = 10 staff	4
Total (Technical Capabilities)		30
<i>Note: (I) Any 2 out of 2.A, 2.B, 2.C, are minimum technical eligibility criteria. (II) C is a mandatory criteria and unavailability of the same will result in non-qualification</i>		
3. Key Personnel		
Key Personnel in the team for the Project based on: (i) The relevant qualification, (ii) And relevant work experience in projects of similar nature (Max 30)		
(i)	<u>Architect</u> The minimum qualifications for an Architect shall be the qualifications as provided in the Architects Act, 1972 and should be registered with the Council of Architecture with valid membership. Such registered Architects shall not be required to again register their names with the Authority. However, he shall submit the registration certificate to the Authority with self-attested & affidavit for non-Disciplinary action.	Max 07
	Educational Qualification with Postgraduate or Equivalent	07
	Educational Qualification with Graduate or Equivalent	05
(ii)	<u>Licensing Engineer:</u> The qualification for Licensing Engineer shall be the corporate membership (Civil) of the Institution of Engineer or such Degree or Diploma in Civil or Structural Engineering or equivalent with 10 yr of experience in the field of land and building planning. OR Diploma in Civil Engineering or Diploma in Architectural Assistance ship or equivalent qualification, having experience of 10 years in the field of land and building planning.	Max 04
	Educational Qualification with Graduate or Postgraduate or Equivalent	04
	Educational Qualification with Diploma in Civil Engineering or Diploma in Architecture or Equivalent	03
(iii)	Infrastructural Expert: - B.E. / M.E./M. Tech/ Equivalent, Experience-10 years.	03
(iv)	Sr. Structural Engineer: - B.E. Civil/ M.E./M. Tech/ Equivalent, Experience-10 years.	03
(v)	Quantity Surveyor: - B.E. / Diploma in civil engg. Or Equivalent, Experience-10 years.	3

(vi)	Geotechnical Expert: - B.E. / M.E./M. Tech/ Equivalent with Degree in Geo- Technical Engineering, Experience-10 years.	3
(vii)	Environmental Expert: - B E / M.E./MTech Environment/ Equivalent Experience-10 years.	3
(viii)	Legal Expert: - Bachelor/ Equivalent Experience-10 years.	3
(ix)	Automobile Engineer Bachelor/ Equivalent Experience-10 years.	03
(x)	Financial Analyst Bachelor/ Equivalent Experience-10 years.	03
Total (Key Personnel)		35
4. Methodology and Approach (20 Marks)		
1	About Organization and Understanding of Scope of Work in Brief	20
2	Detailed Work Plan and Methodology	10
Total (Methodology and Approach)		30

4.4. Evaluation of financial proposal

1. Bidders should necessarily give the financial details in the formats given in this RFP. All the financial details should be given in the prescribed format only and in accordance with the details and terms and conditions as mentioned in the RFP (hence the bidder is expected to understand the RFP in all respects).
2. The Bidder is expected to price all the items and services sought in the RFP and proposed in the Technical Proposal. The Bid should be comprehensive and inclusive of all the services to be provided by the Bidder as per the scope of his work and must cover the entire Contract Period.
3. MPBCDC may seek clarifications from the Bidder on the Technical Proposal. Any of the clarifications by the Bidder on the Technical Proposal should not have any commercial implications. The Financial Proposal submitted by the Bidder should be inclusive of all the items in the Technical Proposal and should incorporate all the clarifications provided by the Bidder on the Technical Proposal during the evaluation of the technical offer.
4. Financial Proposal shall not contain any technical information and should be unconditional.
5. The bid price will include all taxes and levies and shall be in Indian Rupees and mentioned separately.

4.5. Evaluation Methodology

MPBCDC will evaluate the proposals based on the marking scheme given above. The score (Pe) for Technical Proposal would be the arithmetic sum of the marks assigned to the Bidders under each of the parameters listed above. Only those consultants whose technical proposal total score is 75 or above shall be qualified and shall be considered for the next stage of evaluation.

The Financial Proposals of the Bidders who qualify technical evaluation shall be opened. The Financial Proposals shall be opened publicly in the presence of the consultants' representatives.

The Financial Proposals shall be given scores as follows:

$Pf = 100 \times \text{Financial Proposal of Lowest Bidder} / \text{Financial Proposal of Bidder under consideration}$.

The Weights given to the Technical and financial proposal area as follows:

1. Technical Proposal: 80%
2. Financial Proposal: 20%

The Composite Score shall be computed as follows:

Composite Score = $(Pe \times 0.8) + (Pf \times 0.2)$

The Bidder obtaining the highest Composite Score would be declared as the Preferred Bidder. The financial proposal for disqualified consultants shall be unopened. MPBCDC shall simultaneously notify the consultants that have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals.

SECTION V: SCOPE OF ENGAGEMENT

5.1. Background:

The Mahatma Phule Backward Class Development Corporation is set up by the Govt. of Maharashtra as on 10th July 1978 for the economic upliftment of scheduled Castes and Nav-Buddhas MPBCDC is known for its pioneering & innovative welfare- oriented programs & schemes for the backward class communities.

Mahatma Phule Backward Class Development Corporation (MPBCDC) aims to deal socio-economic and educational upliftment of the Scheduled Castes, and Backward classes in the State of Maharashtra and implement schemes and programs of any department or agency of such department of Govt. of India (GoI) and its agencies and Govt. of Maharashtra (GoM) for All entrepreneurship and skill development to achieve or fulfil any objects of this company including but not limited to forward back linkage integration, setting up of business by start-ups of weaker and schedule caste persons and making them available funding, financing and accounting systems, secretarial practices and audit supports system, legal frame work and all incubation support ecosystem to make them self-sustainable entities or groups of entrepreneurs or companies. Govt. of Maharashtra's schemes and socio-economics socio-eco projects for uplifting Schedule caste people etc.

Maharashtra has a significant number of vehicles that have reached the end of their operational life. Out of over one crore vehicles slated for scrapping under the policy, approximately 5.8 lakh are registered in Maharashtra.

Establishing RVSFs within the state is crucial to manage this volume effectively, ensuring that vehicle scrapping is conducted in an environmentally responsible manner. Additionally, the Maharashtra government is encouraging investments in scrapping facilities, particularly in major automobile clusters like Pune, Pimpri-Chinchwad, Nashik, and Cht. Sambhaji Nagar, where existing ecosystems can support such initiatives.

MPBCDC importance of setting up RVSFs in Maharashtra.

By setting up these RVSFs, MPBCDC aim to contribute to environmental conservation, promote sustainable industrial practices, and support the state's economic development.

5.2. Objectives

To appoint a qualified Project Management Consultant (PMC) to oversee the establishment of 10 RVSFs in Maharashtra.

To ensure compliance with all regulatory requirements and environmental standards.

To facilitate the selection and installation of suitable machinery and infrastructure for the RVSFs.

To develop comprehensive financial models for the project's sustainability and profitability.

5.3. Detailed Scope of Work

▪ Regulatory Compliance and Permissions

Land Acquisition : Assist in identifying and acquiring suitable land adhering to zoning and environmental regulations & land in the Orange category industrial zone ownership or long term lease is sought.

Environmental Clearances: Conduct Environmental Impact Assessments (EIA) and obtain necessary clearances from the Maharashtra Pollution Control Board (MPCB).

Consent to Establish and Operate: Secure 'Consent to Establish' and 'Consent to Operate' permits from MPCB.

RVSF Registration: Register each facility as a Registered Vehicle Scrapping Facility with the Ministry of Road Transport and Highways (MORTH).

Additional Permits: Obtain Hazardous Waste Management Authorization, Factory License, Trade License, Fire Department Approval, and No Objection Certificates (NOCs) from local authorities.

▪ Facility Setup and Operations

Machinery Selection: Recommend and oversee the procurement of certified de-polluting equipment, dismantling tools, and shredders.

Infrastructure Development: Design and supervise the construction of facilities, including de-pollution zones, dismantling areas, storage sections, and waste treatment systems.

Operational Workflow: Develop standard operating procedures (SOPs) for de-pollution, dismantling, segregation, bailing/shredding, and storage of scraps.

▪ Training a capacity Building

Staff Training: Organize training programs for staff on environmental compliance, safety protocols, and operational procedures.

Stakeholder Engagement: Engage with local communities, government bodies, and other stakeholders to ensure smooth project implementation.

▪ Monitoring and Reporting

Progress Tracking: Establish mechanisms to monitor project milestones, timelines, and budgets.

Reporting: Provide regular reports to MPBCDC detailing project status, challenges, and recommendations.

▪ Deliverables

Comprehensive project plan with timelines and milestones.

Detailed financial model and feasibility report.

Documentation of all regulatory approvals and permits.

Operational manuals and SOPs for RVSF operations.

Training materials and records of training sessions conducted

The entire scope of the assignment is broadly divided into four groups namely.

A. Preparatory Services

B. Architectural Planning and Design

C. Approval Services

D. Consultancy / Advisory

E. Supervision During Construction Period or EPC Contract

A. Preparatory Services - Study all available information about the project from all available sources and data provided and work out conceptual Building Plan and architectural/services design of project. The objective under preparatory services is to finalize a set of conceptual Project plan, Architectural and Engineering services design within the feasibility parameters in an iterative manner.

B. Regulatory Compliance and Permissions

- **Land Acquisition:** Assist in identifying and acquiring suitable land adhering to zoning and environmental regulations.
- **Environmental Clearances:** Conduct Environmental Impact Assessments (EIA) and obtain necessary clearances from the Maharashtra Pollution Control Board (MPCB).
- **Consent to Establish and Operate:** Secure 'Consent to Establish' and 'Consent to Operate' permits from MPCB. **RVSF Registration:** Register each facility as a Registered Vehicle Scrapping Facility with the Ministry of Road Transport and Highways (MoRTH).
- **Additional Permits:** Obtain Hazardous Waste Management Authorization, Factory License, Trade License, Fire Department Approval, and No Objection Certificates (NOCs) from local authorities.

C. Facility Setup and Operations

- **Machinery Selection:** Recommend and oversee the procurement of certified de-polluting equipment, dismantling tools, and shredders.
- **Infrastructure Development:** Design and supervise the construction of facilities, including de-pollution zones, dismantling areas, storage sections, and waste treatment systems.
- **Operational Workflow:** Develop standard operating procedures (SOPs) for de-pollution, dismantling, segregation, bailing/shredding, and storage of scraps.

D. Architectural planning, designing & drawings — Preparation of architectural designs and drawings of all units / buildings including all ancillary buildings (viz. Security cabin, Electrical substation, amenity space, compound wall, Gates etc. as per UDCPR 2020 amended till date), on site services i.e., all infrastructural work within the Project boundary along with its interface with infrastructure. The detailed structural designs and drawings, MEPF services, HVAC (Heat, ventilation, and air conditioning) services, electrical works, PA system, CCTV surveillance, solid waste disposal mechanism, rainwater harvesting, landscaping, Fire NOC Plan, interior with furniture etc. This will also include perspective views, 3D digital views, walk through for design approvals and brochure.

E. Training and Capacity Building

Staff Training: Organize training programs for staff on environmental compliance, safety protocols, and operational procedures.

F. Approval Services: Obtaining statutory clearances from various departments / Authorities concerned. It includes all expenses towards Fire authority Clearance testing, field investigation, soil exploration etc. as required for processing & obtaining statutory clearances. This includes inter alia environmental clearance, Technical Sanction AAI NOC, development permissions and technical approval for RVSF Registration etc.

G. Consultant Advisory Services: Assisting FC in business plan preparation, assisting in implementation agency formulation process, assisting in bidding process towards implementation of project on BOT Model.

H. Financial Modelling

- Cost Estimation: Prepare detailed estimates covering capital expenditure (CAP and operational expenditure (OPEX).
- Revenue Projections: Analyze potential revenue streams from recycled material resale of parts, and other avenues.
- Profitability Analysis: Conduct Return on Investment (ROI) and break-even analyses to assess financial viability.
- Funding Strategies: Identify potential funding sources, including government schemes, private investors, and financial institutions.
- BOT Model
- Stakeholder Engagement: Engage with local communities, government bodies, and other stakeholders to ensure smooth project implementation.

For successful implementation of the assignment, the scope of work is also classified in seven stages as under:

Stage-I: To develop conceptual Project plan, architectural and services design along with blockcost estimates.

Stage-II: To undertake such level of detailing including block cost estimate at each level of detailing /development of the project as required by MPBCDC by submitting walkthrough, 3D views, and drawings as required, of the Project plan and architectural/services design, which are approved by the MPBCDC.

Stage-III: Upon finalization of composition of planning submit preliminary designs drawings for input from authorities, such as statutory authorities, engineering, Structural, MEPF etc.

Stage-IV: Detailed Architectural and Engineering design and obtaining of all statutory clearances/ Permissions etc.

Stage-V: Detailed engineering design as per the approved clearances by various authorities and preparation of detailed estimate, certification of built up and carpet area, preparation of bid documents for selection of agencies for implementation of project etc.

Stage-VI: Overall project (Engineering & Architectural Services) monitoring (Project Management Consultancy) including necessary revisions as per the site requirement etc. Supervision, Site Visits, Monitoring, Execution During Construction Period etc.

Stage-VII: Assisting MPBCDC with input drawings such as plans, elevations, amenities list, landscapes, submission of maintenance manual, certification of as built drawing etc.

It has been envisaged that the work under Stage-I, II, III shall lead to the formation of implementation agency, the finalization of conceptual Plan/Design and the business plan. The remaining stages are constituted of the completion of detailing, approvals, and actual implementation of the project to Completion & Obtaining Occupation Certification etc.

A. Preparatory Services:

1. Review all the relevant information as provided including related policy notifications, Central Govt. Guide Line Of Ministry of Transportation and Highways, unified UDCPRs, allied applicable development regulations, DP remarks, environmental aspects (e.g., CRZ, Forest, Mangroves, wetland implications Blue-Red Line), relevant Impact assessment reports, Permissible FSI.
2. To study the following data, or made available by the consultant: -
 - a. Sanctioned Regulation, relevant impact assessment reports, inter alia pertaining to Project Purpose.
 - b. Sanctioned Development Plan
 - c. Existing land use in and around the project area.
 - d. Study of existing infrastructure, accessibility, circulation pattern and parking, activity distribution, inter-connectivity, and external linkages. including the following:
 - I. Neighborhood road network.
 - II. Detailed road sections.
 - III. Circulation and parking strategy.
 - IV. Street character
 - V. public transport routes, if any.
 - VI. Pedestrian movement systems.
 - e. Review and analysis of existing Geo-technical and Geo-environmental data
3. The consultant shall study in detail the natural drainage scheme falling in the project as well as overall area drainage requirement along and across the plots to arrive at the requirements of storm water drains, cross drainage structures for the proposed road based on hydrological norms prescribed by Competent Authority. The same will have to be vetted by concerned authorities in context of existing storm water lines, sewer system, water supply etc.
4. To carry out at relevant stage, the Environmental survey to understand the potential impact of environmental factors on real estate and construction developments.
5. To identify water, sewerage & power tapping possibilities from existing network. To assess the impact on existing infrastructure, and assess the gap in provision, indicating cost implications.
6. Conduct a detailed Strength, Weakness, Opportunities and Threats (SWOT) analysis of the proposed site in terms of infrastructure and other relevant factors.
7. Study of Physical, Geographical, Political, social & Demographical setting of the locality under consideration from planning perspective.
8. Enlist comprehensively the permissions required for implementation and the authorities concerned to apply for clearance etc.

B. Architectural Planning and Design and Drawings:

Understanding in brief, urban context, study of existing infrastructure, utilities, and services to integrate with proposed infrastructure, project planning and phasing, finalizing the areas required for various infrastructure, utilities and services, preparation of submission drawings, tender drawings, execution.

1. To Study Site evaluation and analysis report including identification of existing physiographic and other natural features.
2. Review the Geo-spatial Survey and GIS Map with CIMS/ topographic survey report of the baseline survey report and close traverse survey details along with the photographs of

important locations which is expected to include GPS benchmark, GTS benchmark, triangulation network points, temporary benchmarks etc. In case of any observed inadequacy, need additional data to make it comprehensive.

3. The Project Plan for these areas shall provide the following:

- a. Infrastructure strategies.
- b. Preliminary proposal for development, conceptual land use plan and ecological footprint.
- c. Prepare detailed land use statement and a plan as per Central Govt. guidelines for established register vehicles scrapping facilities etc.
 - I. Scrapping Yard
 - II. Ware House
 - III. Treatment Area
 - IV. Road Network.
 - V. Open spaces.
 - VI. Social amenities.
 - VII. Any other land use
- d. In Transportation Design, the Plan will cover the following:
 - Design of internal roads, footpath, drains & other roadside infrastructure within the complex duly integrated with the existing infrastructure.
 - The consultant shall submit ten copies of the comprehensive report and drawings on road design and specification covering various aspects such as geometric design of road, pavement design, at grade and grade separated intersections, cross drainage structures, parking details, junction details, entry-exit locations as well as other related road elements.
- e. Preparation of final submission drawings for permissions, Tender drawings, detailed working drawings for execution, and as built drawings as per execution on site for all the buildings in the layout of Project.
 - i) Site plans/Building layout plan with internal roads, pathways, parking, open spaces, gardens, landscape elements, ancillary buildings, entry and exit, compound wall, security cabins, substations etc.
 - ii) Plans, Elevations, Sections of all the buildings in the layout plan.
 - iii) Material Specifications of all the buildings and structures, landscapes, elements in the layout plan including compound wall and gate etc.
 - iv) 3D views for design approval only.
- f. Coordination with authority for Drainage, Sewerage, Water supply, power supply and backup DG set / rooftop solar power services etc.
- g. Co-ordination of drawings for finalized landscape, street furniture and graphic signage.
- h. Furnish report including implementation/ phasing strategy.
- i. Preparation of Submission drawings for development permissions, working drawings for tender/execution purpose, as built drawings as per site conditions for final record
- j. Preparation of detail material specifications in consultation with PWD

4. On approval of the Final Project Plan and Architectural Design the Consultant shall provide following detailed submissions:
 - I. Layout and site development report.
 - II. Architectural design & drawings for all structures
 - III. Structural Engineering designs & drawings of all structures
 - IV. Sanitary, plumbing, drainage water supply and sewage designs for all structures
 - V. Electrical network designs & drawings. Fire-fighting design layout of site and all buildings in the layout plan.
 - VI. Heating, ventilation, and air-conditioning designs (HVAC)
 - VII. Landscape design & drawings and development.
 - VIII. Indicative machinery layout for Vehicles Scrapping Facility
 - IX. On site Infrastructure drawings and layouts includes compound wall, gates, etc.
 - X. Preparation of tender documents based on State Schedule of Rates (SSR) / Lump sum as applicable for the identified area.
 - XI. Signage for entire project.
 - XII. Area lighting on site, common areas etc.
5. Consultant to submit necessary details to Proof Consultant for proof checking of structural design and drawing from IIT(B)/VJTI for all designs and drawings.
6. Sign-off, the BIM model as prepared by the implementing agency after satisfaction of the designed model meeting requirements and correctness as per consultant.
7. Preparation and submission of preliminary and detailed Cost Estimates, Bill of Quantities, item wise specifications, Quality Assurance test, ranges of important material etc and Tender documents: These shall conform to SSR /National Building Code norms. Reference shall be furnished in case of Market Rate for non-schedule items with detailed specifications. Etc. & working out unit cost for building & or on-Site works.
8. Preparation of bid document, assisting bidding process with reply to queries to acceptance of bid stage.
9. The bidder shall prepare the following:
 - a) Provide walkthroughs, 3D Images, Conceptual layouts, for the entire project plan, along with the surrounding area highlighting the salient features of planning and design of project.
 - b) Providing input data to the MPBCDC develop a scale model.
10. Periodic architectural site supervision and coordination with contractors and site team for
 - a. Issuing timely Good for Construction drawings.
 - b. Finalization of Quality assurance manual.
 - c. Modification of plans layout during execution as required under any untowards situations.
 - d. Architecture related matters about detailing, inadequate data etc.
 - e. Overall project monitoring Also Project Management consultancy w.r.t to quality.
11. Certification of as built drawings.

C. Approval Services

- a. Obtain all statutory/local clearances required for project as per GOM policy.
- b. Preparing Building plans and drawings (Submission Drawings) as per UDCPR 2020/Central Govt Guidelines for Scrapping Unit & requirement, Guidelines etc.
- c. Issuance of certificate about phase completion for availing finance from MPBCDC.
- d. Licensing and coordinating services for all works related to approvals and NOCs from appropriate authorities.

- e. Submission of plan the plans/proposals and designs & drawings including modifications thereto, if any, suggested/recorded by the various authorities doing approval process to be considered by the Consultant.
- f. Co-ordination towards proof checking of designs and drawings for structures, services, construction methods, temporary works, enabling arrangements assisting MPBCDC obtaining approvals from government departments statutory clearances/ permissions etc.
- g. Preparing the inventory of completed assets (Building & Infra) etc.
- h. Preparing estimate for technical sanction obtain from PWD etc.
- i. Preparing interior work including machinery etc.

D. Timeline

The project is expected to be completed within **36 months** from the date of contract signing, with the following milestones:

- Regulatory approvals and land acquisition: **12 months**
- Facility construction and machinery installation: **12 months**
- Operational readiness and staff training: **6 months**
- Commencement of operations: **6 months**

E. Consultant Advisory Services:

- a. Assisting in implementation agency formulation process,
- b. Assisting in bidding process towards implementation of project.

F. Project Management consultancy

- a. Supervision and Compliance: Planning, designing, and supervising the construction activities, including site visits during the construction period (and any extensions), ensuring the EPC contractor's work complies with QA/QC standards and all required tests meet specified parameters.
- b. Billing and Verification: Preparing and verifying the EPC contractor's bills for submission to the department as required, ensuring accuracy and compliance with project requirements.

Stage Wise Details About Scope of Work:

A. Preparatory Services - Study all available information about the Project by the consultant or directly available with the consultant and working out conceptual project plan and architectural/services design of project. Objective under preparatory services is finalize a set of conceptual project plan, architectural and engineering services design This includes the following components:

- Submission of first draft conceptual project plan and architectural design with block cost.
- Modification /revisions in plan and block cost as per MPBCDC
- Submission of final conceptual project plan and architectural design
- Completion of balance Preparatory Services.

B. Architectural planning, designing & drawings -

Preparation of architectural designs and drawings of including all ancillary buildings (viz. Security cabin, Electrical substation, amenity space, compound wall, Gates etc. as per UDCPR 2020 amended till date), on site services i.e., all infrastructural work within the scheme boundary along with its interface with city level infrastructure. The detailed structural designs and drawings, MEPF services, HVAC (Heat, ventilation, and air conditioning) services, electrical works, PA system, CCTV surveillance, solid waste disposal mechanism, rainwater harvesting, landscaping, interior work with machinery etc. This will also include perspective views, 3D digital views, and walk through for design approval only. This scope is broadly divided into segments B1 and B2 as detailed under:

B1: Initial Stage

- (i) To assist for detailing including block cost estimate at each level of detailing / development of the plan as required by PWD for this purpose.
- (ii) Providing project walk through, 3D images for understanding of design, and design approval.
- (iii) Certification of built-up area, carpet area, construction area, FSI calculation etc.
- (iv) Submission of design drawings for initiation of the statutory process.
- (v) Modification and revisions in design and drawings as an outcome of statutory clearances.
- (vi) Proof checking of designs and drawings of all elements namely, structural, and that all on site works from approved agency.
- (vii) Preparation of detail estimates based on current SSR including providing specifications and makes for various items to be incorporated in the work, quality assurance manual, indicating range of important finishing material, working out unit price, processing the proposal for technical sanction and administrative approval from competent authority of MPBCDC and PWD.
- (viii) Preparation of bid document.
- (ix) Assisting in bidding process from its inviting stage to acceptance stage.
- (x) Assisting for bid evolution process.
- (xi) Submission for C.C, and initiation of execution stage.
- (xii) Issuance of GFC drawings for the contractors engaged by MPBCDC.
- (xiii) Obtaining fire NOC/Environmental NOC
- (xiv) Providing input drawings such as plans, elevations, amenities list, landscape drawings and unit areas and count.
- (xv) Obtaining technical sanction from PWD Authority.

B2: Implementing stage.

Architectural, planning designing and drawings at actual execution stage.

- (i) Overall project monitoring (but not project management consultancy) including necessary modification, revisions in the designs and drawings to study with the site conditions & MPBCDC requirement.
- (ii) Overall quality inspection with monthly project site visits of quality, workmanship.
- (iii) Signing off the BIM Model as prepared by the Implementing agency after satisfying therequirements as per the project stage.
- (iv) Certification of as built drawings.
- (v) Submission of building maintenance manual for each type.

C. Approval services

Obtaining statutory clearances from various departments/Authorities concerned. This includes inter alia environmental clearance, RERA registration, AAI NOC, permissions, etc.This includes inter alia the following components:

- i. Environmental clearances.
- ii. RVSF registration.
- iii. AII Height approvals.
- iv. Layout approval and development permission inclusive of CC, plinth, OC etc.
- v. Other clearances like technical sanction/ Technical board approval/ Govt. higher technical education department approval etc.

D. Consultant Advisory

- 1. To work in co-ordination with MPBCDC till finalization of Implementation Agency namely.
 - a) Assisting in bidding process for pre and post selection stages of the contractor.

Architectural, planning designing and drawings at actual		

	execution stage.		
	Overall project monitoring (but not project management consultancy) including necessary modification, revisions in the designs and drawings to study with the site conditions / Client's requirement.	60% of B2	
	Overall quality inspection with monthly project site visits of quality, workmanship.	10% of B2	
	Providing sign-off, for project implementation through BIM model developed by Implementing agency.	10% of B2	
	Certification of as built drawings.	10% of B2	
	Submission of building maintenance manual for each type.	10% of B2	
3.	(C1) Approval services Obtaining statutory clearances from various departments/Authorities concerned. (Any testing, survey, investigation required shall be as per actual paid extra). This includes inter alia environmental clearance, RVSF registration, AAI NOC fire NOC, development permissions, technical sanction approval etc.	10%	50%
	Govt. Ministry of transport and highways department (Transport Division) approval	50% of C1	
	AAI Height approvals and technical sanction	15% of C1	
	NOC's - CFO, Highway Red & Blue Line High Tension Line etc, as per project requirement etc.	15% of C1	
	Layout approvals and development permissions including CC, for initiation of Execution stage & OC for Completion of Work etc.	20% of C1	
4.	(D1) Post Implementation Stage -	10%	60%
	To work in co-ordination with MPBCDC after finalization of Implementation Agency, namely		
	a) Preparation of maintenance manual	40 % of D1	
	b) Assisting Client in claims/ arbitration /litigation,	30 % of D1	
	c) Assisting Client in preparing mechanism for future fund arrangement towards major repairs and maintenance during stipulated life of structures etc.	30 % of D1	
	(II) Post-Tender Activities (40%)		
	(A1) DURING PROJECT INITIATIVE PERIOD	40%	40%
1.	Up to Plinth	5% of A1	
2.	Up to Superstructure	15% of A1	
3.	Up to finishing works, all services, horticulture and landscaping	30% of A1	

4.	Testing and commissioning. Handing over/ Taking over, obtaining of occupancy certificate, clearances from Fire Department and all other statutory	20% of A1	
5.	On completion of post construction works. Submission of SMB (Standard measurement book) layout of services including electrical and mechanical also	20% of A1	
6.	After completion of defect liability period	10% of A1	

Note:

- Payment will be released in commensurate with assignment performed and is in coordination with deliverables.
- The proportionate percentage payment will be released on the approved area for work executed on every eligible stage of payment.
- The successful bidder to obtain go ahead approval for various stages from time to time.
- Payment of Bills & other claims-
- The payment of bills and other claims if any arising out of the contract will be made by RTGS/NEFT. The successful Bidder, therefore, will have to furnish the information as regards the vendor No. registered with MPBCDC. Vendor No. can be obtained by paying the requisite fees and giving necessary information such as PAN Card, Bank Details, Goods and Service Tax Registration etc. in the prescribed form available with MPBCDC.
- All payments shall be made in INR and not in any other currency.

SECTION VI: OTHER INSTRUCTIONS TO BIDDER

6.1. Deviations

No deviations will be accepted. Bid with any Technical or financial deviation shall be summarily rejected.

6.2. Taxes And Duties

6.3. Insurance

The selected bidder/consultant shall be liable to take/maintain comprehensive insurance for their personnel associated with the work at their own cost. The details of the same shall be furnished to MPBCDC.

6.4. Responsibility And Obligations of Bidder/Consultant:

- 6.4.1. The selected bidder/consultant shall be required to render detailed services which are necessary for the satisfactory completion of the project in totality.
- 6.4.2. The selected bidder/consultant shall be fully responsible for operability, maintainability and reliability of services provided by him.
- 6.4.3. The selected bidder/consultant shall be fully responsible for the collection of all data to enable him to provide the Bid Advisory services.
- 6.4.4. The MPBCDC reserves the right to review the work performed by the Bidder, ask for any clarifications and changes / modifications to the work performed by him. Such changes shall be mutually discussed and agreed between the MPBCDC and Bidder and the same shall be incorporated by the Bidder in his work without any cost liability to the MPBCDC and without any dilution of the responsibility of the Bidder.
- 6.4.5. The selected bidder/consultant shall himself be responsible to collect whatever needed information from the MPBCDC at the appropriate stage of his work, for considering the same for his further work / services and / or coordination.
- 6.4.6. The selected bidder/consultant shall be responsible to pursue, expedite and ensure timely submission of all data and documents.
- 6.4.7. The selected bidder/consultant acknowledges that all plans, design calculations, studies, data, maps, drawings, and specifications prepared by the Bidder in connection with the Project is property of the MPBCDC and the same shall be handed over to the MPBCDC as and when requested by the MPBCDC or upon termination of the Agreement or upon completion of provision of the Services.
- 6.4.8. The selected bidder/consultant shall not prepare article(s) or photograph(s) for publication or speeches about the Services without the prior written consent of MPBCDC.

- 6.4.9. The selected bidder/consultant shall be the employer of all the personnel engaged directly or indirectly in rendering the Services under the Contract Agreement.
- 6.4.10. This RFP does not and shall not be construed to create any employer-employee or principal— agent relationship between the MPBCDC and any employees, representatives and personnel engaged by the Bid Advisory Firm in the performance of Services.
- 6.4.11. The selected bidder/consultant shall be responsible for payment of all or any expenses including, without limitation, all amounts payable towards pension, annuity, or employment compensation, or any other payment to be made under the Applicable Indian Law and/or otherwise to the professionals, technicians or workmen employed and/or contracted in relation to the provision of Services under the Agreement.
- 6.4.12. The selected bidder/consultant shall defend, hold harmless and indemnify the MPBCDC against all or any labour claims or other law suits or proceedings, including those arising out of any accident that occur during or in relation to the Services as may be filed against the MPBCDC for any reason whatsoever and irrespective of the time should have lapsed, assuming full responsibility for the payment of indemnification, penalties, attorneys' fees, legal costs and other charges, if any.
- 6.4.13. The selected bidder/consultant shall comply within a timely manner all the obligations under the Applicable Indian Law including the laws relating to workmen, technicians, contract-labour, contractors, and other personnel involved in the provision of the Services.
- 6.4.14. The selected bidder/consultant shall be acquainted with the all the statutory requirements, Electrical laws, Indian Environment and Health and Safety laws as Fire Prevention Act applicable for the project.
- 6.4.15. The selected bidder/consultant shall make available all related information, data, design calculations, working sheets and copy of relevant standards & codes and shall transfer the relevant technical information of the project.

6.5. Confidentiality

1. All plans, design calculations, studies, data, maps, drawings, and specifications prepared by the Bidder in connection with the services to be provided by the consultancy Services under the Agreement shall be the property of the MPBCDC. As and when required or upon termination of the contract, the aforesaid documents, prepared specifically for this project (including originals) shall be handed over to the MPBCDC.
2. The selected bidder/consultant shall take all necessary steps to ensure confidential handling of all matters pertaining to plans, designs, drawings, specifications, method, and any other information developed or acquired by him from the MPBCDC under terms of the Contract.

6.6. Progress Report

1. The selected bidder/consultant shall submit Progress Report on the status of work entrusted to him periodically i.e., monthly as mentioned or as may be mutually agreed upon bringing out the details of works completed, works in hand, bottlenecks, if any, and efforts being made to improve upon the time schedule.
2. The Consultancy Services shall also be called to make presentation on the various activities in respect of the project as and when required by MPBCDC without any additional cost.
3. The copyrights of all documents provided by the Bidder and the documents provided by the MPBCDC to the Bidder for reviewing in the performance of the Agreement shall at all stages be the property of the MPBCDC and while in the custody of the Bidder, shall be fully available to the MPBCDC and its duly authorized representatives. On completion of the provision of the Services, all drawings, documents etc. in relation to the Project shall be delivered/handed over by the Consultant to the MPBCDC.

6.7. Jurisdiction of The Contract

The laws applicable to this contract shall be the laws in force in India. The courts of Mumbai, India shall have exclusive jurisdiction in all matters arising under or on account of this Agreement.

6.8. Warranty And Liability of The Bidder/Consultant:

1. Notwithstanding anything contained in this RFP, the Bidder agrees that they shall be liable for any defect/inadequacy/errors/inability/non-competency etc. in relation to the performance of the Services which are not in accordance to the Good Industry Practices or the provisions of this RFP. In such case, MPBCDC may penalize consultant to the extent limited to 5% of the contract value other than the L.D. and MPBCDC may also enforce the clause No.13 of this section in this regard.
2. The Bidder shall be further liable for the any consequence of errors and omissions arising from gross negligence on his part or on the part of his employees to the extent limited to 10% of the contract value.
3. If there is no error found in drawings and design, the penalty shall be applied to the EPC contractor.

6.9. Indemnity

The Parties hereto agree that the Bidder shall indemnify and defend the MPBCDC and its representatives and employees, and hold the Owner, its representatives, employees harmless from:

- i. Damages and losses caused by its negligent or intentional act or omission, or any damages and losses caused by the negligent act of any third party or sub-contractor or agency engaged by consultant.
- ii. Damages and losses resulting from the non-compliance with the obligations established hereunder.
- iii. Any environmental damage caused by it and/or its representatives or employees or employees of any third party or sub-contractor or agency engaged by Bid Advisory Services.

- iv. Breach (either directly by it or through its representatives and/or employees) of any representation and warranty declared herein by it
- v. From all claims, actions, suits, proceedings, taxes, duties, levies, costs, expenses, damages, and liabilities, including attorneys' fees, arising out of, connected with, or resulting from or arising in relation to this RFP due to neglect, omission or intentional act of Bid Advisory Services

6.10. Liquidated Damages

For any delay attributable to the consultant, beyond the scheduled date of completion of various activities as per the agreed time schedule, liquidated damages shall become livable at

½% (one half of one percent) per week of delay on the specific milestone activities under the part or work assignment. The total liability of the Consultant under this clause shall not exceed 10% (Ten percent) of the contract value.

- i. The liquidated damages shall stand recoverable from progressive amount payable to the consultant no sooner it becomes due in case any items of work have remained incomplete beyond the schedule completion period irrespective of the fact on whose account such delay has taken place. This amount so recovered from the Bidder shall be reimbursed if, after completion of all works, it is satisfactorily demonstrated to MPBCDC that such delay had occurred due to no fault of the Bidder.
- ii. Likewise, any amount due to the MPBCDC due to defect / inadequacy / errors etc. on the part of the consultant shall stand recoverable from the progressive amount due to the Bidder.

6.11. Default of The Bidder/Consultant

In the event of the MPBCDC: —

- i. Failing to pay to the Bidder the amount due within a period of 120 days.
- ii. Becoming bankrupt or giving formal notice to the Bidder that for unforeseen reasons, it is impossible for MPBCDC to continue to meet its contractual obligations.
- iii. Then the Bidder shall be entitled to terminate his employment under the contract after giving 30 days' prior notice in writing to the Owner.
- iv. In the event of such termination, after scrutiny and approval the MPBCDC shall pay to the Bidder the amount of any loss or damage to the consultant arising out of or in connection with such termination, based on documentary evidence to be furnished by the consultant.
- v. If the MPBCDC is of the opinion that the Bidder is not rendering the Services in accordance with the Good Industry Practices, due diligence or expedition or refuses or neglects to comply with any reasonable orders given to him in writing, the MPBCDC may give a notice in writing to the Bidder to make good the failure, neglect, or contravention.

6.12. Default of Bidder/Consultant: -

If the selected Bidder/Consultant fails to make good the failure, neglect, or contravention within 20 (twenty) days from the date of serving such a notice, the MPBCDC may without prejudice to any other rights under this RFP, direct the Bidder not to render such Services and get such Services done by other agencies at the risk and cost of the Bidder. The Owner, in such an event, shall be entitled to retain and apply any balance, which may otherwise be due to the Bidder for the payment of the costs of executing the said part of the Services taken out of its scope of Services. If the cost of executing the said part of the Services or of completing the Services exceeds the balance due to the Bidder, the Bidder shall pay such excess. If the bidder fails to pay such excess, same shall be recovered through encashment of the Advance & Performance Bank Guarantees submitted by the bidder.

6.13. Force Majeure

1. **Force Majeure Event** : The Parties hereto agree that a Force Majeure Event shall mean any unforeseeable act or event that prevents the affected Party from performing its obligations under this Agreement or complying with any conditions required by the other Party under this RFP and such act or event is beyond the reasonable control and not because of any fault of the affected Party and such Party has been unable to avoid such an act or event by the exercise of prudent foresight and due diligence.
 - i. Without prejudice to the foregoing, the Parties hereto agree that the occurrence of any of the events shall also be deemed to be a Force Majeure Event:
 - ii. War and other hostilities whether war to be declared or not), invasion, act of foreign enemies, mobilization, requisition, or embargo that directly impacts the provision of services by the Bidder under the Agreement.
 - iii. Riot, civil commotion, terrorism, or disorder that directly impacts the provision of services by the Bidder under the Agreement.
 - iv. Pestilence, epidemics, inclement weather causing floods or lightning or cyclone, typhoon, or earthquake and which directly impacts the provision of services by the Bidder under the Agreement.
2. The Parties hereto agree that the following events are explicitly excluded from and do not constitute a Force Majeure Event and is solely the responsibility of the affected Party.
 - i. Strikes, collective bargaining agreements of either Party resulting in delay in the provision of Services or stoppage of work; or
 - ii. Labour disputes of any kind; or
 - iii. Economic hardship; or
 - iv. Any act, event, or occurrence listed above or asserted as a Force Majeure Event that results materially from the negligence or intentional acts of the affected Party.

6.14. Mutual Discussions

In the event of a dispute or difference of any kind whatsoever shall arise between the Parties in connection with or arising out of this Agreement or the breach, termination or validity hereof, the Parties shall endeavor to resolve such dispute in good faith in the first instance within 30 (thirty) days of the notice of such a dispute by mutual discussions between the Parties.

6.15. Arbitration

In the event of failure to resolve dispute/ differences related to Contract/Agreement and relating to interpretation of the clauses therein the parties are hereby agreed for its resolution

/ Adjudication etc. by referring it to the Institutional Arbitration established /recognized by the State Govt/Central Govt. and the dispute can be get resolved within the framework of the Arbitration Act 2015 and in terms of rules and regulations of such institutional arbitration such as Mumbai center of Arbitration etc.

6.16. Termination of Contract/ Agreement

The MPBCDC may by giving not less than thirty (30) days written notice of termination to the Bidder, terminate this Agreement upon the occurrence of any of the events specified in paragraphs (a) through (e) below: -

- i. If the Bidder fails to remedy a failure in the performance of his obligations hereunder, as specified in a notice of suspension pursuant thereof, within thirty (30) days of receipt of such notice of suspension or within such further period as the MPBCDC may have subsequently approved in writing or
- ii. If the Bidder becomes insolvent or bankrupt or enter into any agreement with his creditors for relief of debt or take advantage of any law for the benefit of debtors or go in to liquidation or receivership whether compulsory or voluntary; or
- iii. If MPBCDC found that the bidder has provided the false & wrong information while bid submission; or
- iv. If the Bidder submits to the MPBCDC a statement which has an effect on the rights, obligations or interests of the MPBCDC and/or which the Bidder knows to be false; or
- v. If as the result of a Force Majeure Event, the Bidder is unable to perform the Services for a period of not less than sixty (60) days, or
- vi. If MPBCDC found any defect/inadequacy/errors/inability/non-competency etc. in the Bidder in relation to the performance of the Services which are not in accordance with the Good Industry Practices or the provisions of this RFP, or
- vii. If the MPBCDC, in its own discretion and for any reason whatsoever, decides to terminate this Agreement.
